

# INDIGENOUS RESISTANCE AND SURVIVAL

Zapatista Solidarity Event: 6-10 PM, Aug. 2, 2014, Tucson, AZ

## Support Event in the Aftermath of the Assassination of José Luis Solís López (Compañero Galeano) to Rebuild the School and Clinic in La Realidad (Chiapas, Mexico)

On May 2, 2014, members of the Independent Central of Agricultural Workers and Campesinos Historic (CIOAC-H, its initials in Spanish), as well as members of the Green Ecologist Party of Mexico (PVEM) and the National Action Party (PAN) attacked civilian Zapatista support bases in the Zapatista Caracol of La Realidad. They first attacked some Zapatista bases that were arriving in the Caracol with stones and clubs. Next, they destroyed an autonomous school and clinic.

Upon hearing the attack, the Zapatistas came out of the meeting. Compañero Galeano, a Zapatista support base and teacher at the Zapatista Escuelita, was attacked with clubs, machetes and firearms.

The Good Government Junta turned the matter of the murder and attack over to the EZLN's commanders, the CCRI-CG.

Marcos made an appearance in La Realidad at the May 24 homage. He left and returned a few hours later in the wee hours of May 25 and announced the disappearance of the personage known as Marcos in "*Between Light and Shadow*". He will be known as Subcomandante Insurgente Galeano from now on so that Galeano lives!

On May 28, Sup Moisés issued a communiqué with an update on the Little Schools, the need for Peace Campers (*campamentistas* or international observers) in La Realidad and the need for materials (money to buy them) to replace the autonomous school and clinic in La Realidad.

On May 30, Sup Moisés announced August 2 and 3 as the dates for the "Sharing with Indigenous Compañer@s of the National Indigenous Congress."
